

BOARDING POLICIES & RELEASE FORM

When your pet stays with us, we assure you that he or she will receive excellent care in our air-conditioned facility. Dogs are walked three times a day and our kennel technicians frequently check the litter boxes in the cat condos. If you have any questions or concerns, please ask any of our staff members, who will be happy to assist you.

VACCINATIONS: All boarders must be current on all vaccines in order to board. If your pet has received vaccines at another location, you are required to obtain proof of vaccinations. If your pet is not current on vaccines, we will administer the vaccines that are required and add it to your bill accordingly. **X**_____

FLEAS & TICKS: All pets that enter our boarding facility will be checked for fleas and ticks to maintain a parasite-free environment. Any animal brought into the facility with fleas and ticks will have them removed at the owner's expense. **X**_____

GROOMING: All dogs receive a mandatory bath on the morning of departure. The kennel cannot be held responsible for matted pets. Prior arrangements must be made with the groomer, if an actual grooming is requested. **X**_____

FEEDING & MEDICATIONS: All dogs are fed Purina EN (dry) mixed with Purina EN (canned). All cats are fed Hills Science Diet Feline Maintenance (dry). If you would like your pet to be fed another type of diet, please provide the specific food and the necessary amount to be given daily for the length of the stay. For pets that are on any special medications (i.e., vitamins, arthritis medication, antibiotics, insulin, etc.), there is a daily administration charge. **X**_____

PICK UP TIMES: All animals are to be picked up between 3 - 5 PM Monday through Friday, and 2 - 4 PM on Saturday. There will be NO pick-ups on Sunday. **X**_____

EMERGENCY TREATMENT: Please be aware that some pets are under stress while away from their owners and may become ill during boarding. This is unavoidable. In the event that your pet becomes ill while staying in our facility, I hereby authorize any emergency treatment and/or administration of medication deemed necessary by the attending veterinarian. I understand this includes diarrhea, infections and emergency illnesses. **X**_____
